Table showing the in-door and out-door patients treated in the Itinerating Dispensaries	106

From

THE SURGEON GENERAL WITH THE
GOVERNMENT OF BOMBAY.

To

THE SECRETARY TO GOVERNMENT,
General Department, Bombay.

Bombay, 8th August 1903.

SIR,

I have the honor to submit, for the information of Government, my Annual Report on the Civil Hospitals and Dispensaries of the Bombay Presidency for the year 1902.

2. I beg to state that, in order to facilitate the comparison of the statistics for the year under review with those of the next intermediate and the triennial years, the revised forms proposed by the Government of India, as per their letter No. 1463, dated 16th December 1902, forwarded with this Government Memorandum No. 41 of the 12th January 1903, General Department, have been adopted in the preparation of the statements appended to this report. Similarly, with a view to preserving uniformity, hospitals and dispensaries entirely supported by Municipal and Local Bodies and by the Central Committees of the Countess of Dufferin Fund, which were hitherto treated as "Private" institutions, have been included with those aided by Government. Until definite orders are received from the Government of India, regarding the exclusion of itinerant institutions and those maintained for lepers, they have been allowed to remain as at present, the unaided ones only being shown separately in a table under Appendix II.

3. The total number of patients treated during the year under review at the institutions mentioned in Appendices Nos. I and II was 4,031,185 against 4,300,556 in 1901. Of these, 67,377 were in-door and 3,963,808 out-door patients as compared with 77,287 and 4,223,269, respectively, in the preceding year. The ratio per cent. of males treated was 66.3 and of females 33.7.

4. The decrease of 345,735 cases was mainly under the following heads:— Small-pox, cholera, dysentery, malarial fevers, worms, debility and anæmia, all other general diseases, diseases of the liver, spleen and nervous systems, respiratory affections, dyspepsia, diarrhoea and other local diseases. The decline is probably attributable to the improved climatic conditions and the subsidence of famine and its deleterious effects on the general health. The following diseases, however, gave a larger number of admissions than during the preceding year:— Venereal diseases, skin affections, eye diseases, diseases of the connective tissue, bowel complaints, diseases peculiar to women, and injuries. The admissions from venereal diseases rose from 104,394 to 111,552. Of these, an increase of 3,108 cases occurred in Bombay City alone, chiefly due to the inclusion for the first time of cases treated at the Municipal Dispensaries for Infectious Diseases.

5. The number of patients admitted into the hospitals and subsequently found to be cases of plague was 701. Of these, 368 died, and the remainder were transferred to Plague Hospitals. The number of cases and deaths from plague reported to Government in 1902, including those in Native States, are given in the subjoined table:—

				Cases.	Deaths.
Konkan ...	{	Bombay City	...	16,423	13,820
		Mofussil	...	5,181	4,031
Deccan	...	...	...	218,168	161,542
Gujarāt	...	...	...	46,571	32,462
Sind	...	...	...	4,488	3,646
Foreign	...	...	...		
Total ...					
{ 1902				290,831	215,501
{ 1901				204,631	158,941

6. The total number of surgical operations performed in Government-aided, Municipal and Local Fund Institutions was 86,811, and the number of patients operated on 85,279. Of these, 63,785 were cured, 937 relieved, 844 discharged otherwise, 436 died, and 404 remained under treatment at the end of the year. The result of the operations performed on 18,873 patients is unknown. 1,921 tumours and cysts were excised; 2,080 operations on bones and joints, and 619 amputations were performed. Of the latter, 431 were for injuries, 206 for disease, and 12 for deformities; 40 of them ended fatally. 4,049 operations on the eye and its appendages include 116 iridectomies, 85 sclerotomies, 879 extraction of lens, 31 laceration and extraction of opaque capsule and 96 excision and evisceration of the eyeball. The skull was trephined 16 times with 8 deaths, and the mastoid cells opened twice, both cases proving fatal. 67 cases of hernia were operated on, *viz.*, 36 for strangulation and 31 for radical cure. 257 cases of abscess of liver were incised with 69 deaths. There were 1,300 operations for removal of vesical calculi, *viz.*, 808 litholapaxies, 408 lithotomies and 84 lithotrites, with 53 deaths. The large number of lithotomies is doubtless due to many establishments in this Presidency being without proper instruments for the crushing operation. 12 ovariectomies and 7 abdominal hysterectomies were performed with 3 deaths in each class and 5 oöphorectomies with 2 deaths.

7. Statement No. VI, Part I, treats of the income and expenditure of Government-aided, Municipal and Local Fund Institutions. The total income, exclusive of the cash balance, amounted to Rs. 12,95,916-4-1, of which Rs. 7,40,288-8-7 were received from Government, Rs. 1,84,998-3-2 from Municipal Funds, and Rs. 2,25,433-11-4 from Local Funds. Interest on investments yielded Rs. 30,032-1-2, and subscriptions from Europeans and Natives Rs. 13,339-12-10. Receipts from hospital stoppages amounted to Rs. 76,032-7-11, whilst Rs. 25,791-7-1 were realized from miscellaneous sources, such as the sale of securities, unserviceable articles, etc. etc.

The total expenditure was Rs. 12,72,473-8-7. Deducting therefrom Rs. 1,03,195-11-4 remitted into the Treasury on account of hospital stoppages, sale of unserviceable articles, etc. etc., and Rs. 2,100 invested during the year (total Rs. 1,05,295-11-4), the net cost was Rs. 11,67,177-13-3 and the cost per patient Re. 0-9-0 as compared with Rs. 9,97,036-15-6 and Re. 0-10-0, respectively, in 1901. The cost of each diet averaged Re. 0-2-7 against Re. 0-2-11 in the previous year. Government paid Rs. 6,37,092-13-3, or 54·6 per cent. of the actual expenditure, compared with Rs. 6,18,399-7-9 or 62·0 per cent. in 1901.

The subjoined table gives particulars regarding the cost, etc., in the different divisions of the Bombay Presidency during the year 1902:—

	Net cost.	Cost paid by Government.	Cost per patient.	Percentage of cost paid by Government.	Average cost of each Diet.
	Rs.	Rs.	Rs. a. p.	Rs.	Rs. a. p.

8. I am pleased to be able to report favourably on the conduct of Officers and subordinates as a whole, and would specially beg to bring to the notice of Government the following Officers for good professional work performed during the year under report, *viz.*, Lieutenant-Colonels McCloghry, Henderson, Boyd, Carson, Dimmock, J. W. T. Anderson, Stevenson, Lyons and Quicke, and Majors Childe, Herbert and Hojel; also those of Civil Assistant Surgeons Mackenzie, Cardoz, Khān Bahādurs Dadachanji and Moos, and Nanavati, and Military Assistant Surgeons G. C. McMullen, H. A. Lafond, A. E. Almeida and A. V. M. King.

9. I need not remind Government that I only took over the duties of my office on 30th October 1902, and that I am indebted in compiling this report in a great measure to the notes left by my predecessor, Surgeon-General G. Bainbridge, M. D., who commented favourably on the work done by Captain J. H. McDonald, M. B., I. M. S., the Personal Assistant, which I am able to fully endorse.

10. During my short tenure of office, my establishment has worked well and to my entire satisfaction.

I have the honor to be,

Sir,

Your most obedient servant,

W. McCONAGHY, M.D.,

Surgeon General, I. M. S.,

Surgeon-General with the Government of Bombay.

APPENDIX I.

CIVIL HOSPITAL AND DISPENSARY STATISTICS.

STATEMENT No. I.

Showing the Classification of the Civil Hospitals and Dispensaries of the Bombay Presidency during the year 1902.

Population of the Province.	Civil Hospitals and Dispensaries.	Number open on 31st December.	Number opened during the year.	Number closed during the year.	Number open on the last day of the year.	Remarks.
25,424,235	Class I	57	(a) 2	...	59	(a) Ahwa (Khândesh), and the Kagrâpeth Leper Asylum, Ahmedabad, shown for the first time.
	Class I (a) Police ...	2	...	...	2	(b) Twelve Municipal Dispensaries of the Bombay City, Janikhed (Ahmednagar), Nândgaon (Nâsik), Hangal (Dhârwar) and Fuleli (Hyderabad, Sind).
	Class I (b) Forest and Surveys	...	...	...	...	(c) Shanwâr Peth Dispensaries, (Poona), Mahije Fair Dispensary (Khândesh) and Vita (Sâtâra), and three travelling Dispensaries of Broach and twelve of Kaira Districts.
	Class I (c) Canals ...	...	...	...	...	(d) Bombay City, Janjira State, Râtnagiri District, Nâsik District and Bânsda State one each, Râdhanpur State 4 and Bhâvnagar State 2.
	Class II	239	(b) 16	(c) 18	237	(e) Umdl.
	Class III (A)	272	(d) 11	(e) 1	282	(f) Râjpipla State Railway Dispensary, Jhagadiya.
	Class III (B)	12	...	...	12	
	Class IV	45	(f) 1	...	46	
	Total	627	30	19	638	

CLASS I.—*State Hospitals and Dispensaries.*—These include all institutions maintained by provincial funds and under Government management.

CLASS II.—*Local Fund and Municipal Institutions.*—These include all institutions which are vested in local or municipal boards, or guaranteed maintained by local or municipal funds with or without the aid of Government or private subscriptions.

CLASS III.—*Private Institutions.*—

(A) Those entirely maintained at the cost of private individuals or associations.

(B) Institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

CLASS IV.—*Railway Dispensaries.*
